BUSINESS MEN'S CLUB

Mr. J. A. McCandless
Hopes to See One
Organized.

A commercial club for Honolulu based on the scheme under which the Commercial Club of Portland is operated, is being strongly advocated by J. A. McCandless, chairman of the Promotion Committee.

Mr. McCandless is making a canvass of the business men of the city to sound them as to their willingness to form such a club.

The club at Portland is maintained by the business men, the members paying a stated fee per month, and out of town members paying less. A business man takes newly arrived friends to the club, where fine luncheons are the order of the day. The Portland club is a promotion organization and it actually loses money every month in its luncheon department, merely to be able to provide entertainment for visitors. But this loss is cheerfully accepted.

"There is hardly a place in Honolulu that the average business man can take people to who are new arrivals in the city," says Mr. McCandless. "Everybody, of course, is not a member of the club here, and for that matter that is a social, not a commercial club. A traveling agent for a mainland concern comes to town. He drops into somebody's store and the acquaintance begins. The business man can not always take them home to luncheon, and one doesn't always want to go to the hotels. If we had a commercial club, these business acquaintances could be taken there and they would meet a large number of our business men.

"A club of that kind would be a sort of a clearing-house for the exchange of ideas, and it would prove of real value in many ways."

THE REAL TRIUMPH.

"I suppose you feel better since you have delivered your speech," said the encouraging friend.

"It isn't so much to deliver a speech," replied the immature but sagacious statesman; "the real triumph consists in getting it listened to."

A Valuable Book Free

Ask me to send you sealed, free, a book just completed, which will inspire any man to be bigger, stronger, younger (if he is old), and more manly than he ever felt. I am a builder of men.
I can take any weak, puny man and make him feel like a Sandow. Of course, I can't take a Hercules of a man who was never intended by nature to be strong and husky. I don't mean that.
But I can take a man who started with a fair constitution and before he got fully developed began tearing it down. That fellow is weak-nerved, slow, poky, lacking in vim, ambition and self-confidence. I can make a man of him in three months so that his own friends won't know him.

I want you to read this book and learn the truth about my arguments. If you are not as vigorous as you would like to be, if you have rheumatic pains, weak kidneys, loss of vitality, prostatic troubles, nervous spells, or any ailment of that kind that unmans you, it would assure your future happiness if you would look into this method of mine. Don't delay it; your best days are slipping by. If you want this book I send it closely sealed free if you inclose this Ad.

SPORTS

DOG OWNERS HAVE A CLUB

Organization Meeting
Is Very Largely
Attended.

"The poor dog, in life the firmest friend, The first to welcome, foremost to defend, Whose honest heart is still his master's own, Who labors, fights, lives, breathes for him alone."

Then Kennel Club meeting held last night in the office of Will E. Fisher was well attended.

Will E. Fisher was appointed temporary chairman and Dwight J. Styne temporary secretary.

The following were appointed a committee on organization and to prepare by-laws: Chas. Hustace, Job Batchelor, Dr. Rowatt, Clarence Crabbe, Colin Campbell, Will E. Fisher (chairman).

The prevailing opinion expressed was that the initiation fee and yearly dues should not exceed \$1 each.

It was decided to close the charter roll of the organization January 30. The same will be left at the office of Will E. Fisher for further enrolment and all parties interested are invited to sign.

An interesting and instructive talk on dogs in general was indulged in and a communication was read from the secretary of the San Francisco Kennel Club inviting affiliation with the American Kennel Club.

From the interest evinced the Honolulu Kennel Club is already an assured success.

The meeting adjourned until Tuesday, January 30.

BASKETBALL FACE ARRIVES

Beware of the basketball face! Don't become too enthusiastic over the game. That is, don't watch over three or four a week. If you do, awful things will happen. Your eyes will become heavy and "bulgy"; they will be sore and itchy.

This is not idle talk; it is the opinion of a physician, a man who for years has been a student of basketball. The indoor game is so fast and the scene of play changes so constantly that the eyes are constantly in play roving from basket to basket.

Anyone who has seen fast basketball games know this, and yet, knowing of the strain, wonders why it is that his eyes seem so tired when the game is over and the crowd is leaving. Perhaps they really ache when rubbed to allay the itching. It is simply because the muscles, in constant play for well over an hour, are tired.

A basketball fan who has sat through four long evenings of basketball last year suffered considerable annoyance by the soreness of the eyeballs. A week passed and with no more games his optics were as good as ever. A man who knows gives the following explanation:

"It is the tiring of the muscles," he declared. "I do not think watching the game would ever affect the eyesight, however. It is more or less of a strain on them to keep constantly watching the ball, forever on the bounce."

To add to the difficulty there are the bright colored suits. To the outsider the glaring, blinding color combinations devised by the best basketball teams for uniforms is simply a matter of personal conceit and desire to appear "showy," but this is not so.

The wise basketball manager dresses his men up in the glaring duds because it aids the team at combination work. When a player catches the ball his opponent is on top of him, covering him to prevent a good pass. He sees a patch of brilliant red somewhere in front of him and knows that it is a team mate. The "brilliant red" patch gets the ball.

A FIGHT IS IN THE AIR

Bill Huihui and Dick Sullivan, Honolulu's recent fistie importation, were matched last night to box 15 rounds at the Chinese Theater on Liliha street on February 3.

The weight question will be determined today.
Jack McFadden will manage the contest.

The main event is likely to be preceded by a 10-round contest between "Kid" Harris and Young Nelson.

Socker.

A team of Punahou school boys defeated an eleven from Iolani College, by the score of three to nil, yesterday. The Punahous have not had any practice, but they played all around the Iolani.

HARD HIT.

Towne—Gee whiz! I wish I could catch the fellow who stole my umbrella—
Brown—Oh, cut it out. Why do you make such a fuss over a little thing like that?
Towne—Little thing! Why, man, I actually bought that umbrella—Philadelphia Press.

YET ANOTHER TENNIS CUP

H. E. Cooper Presents
One to Oahu Col-
lege Girls.

Another tennis cup has been offered to Punahou students. This time Mr. H. E. Cooper, who is much interested in the college, has donated a silver cup to be competed for by the young lady students.

The only conditions which Mr. Cooper imposes are that the tournament shall be held under the school auspices and that there shall be not less than ten entries.

Judging by the interest in the game, and especially in the cup, there is small doubt that the latter condition will be more than fulfilled.

As soon as the tournaments in singles and doubles, which are now already arranged for, are run off, the tournament for the Cooper Cup will begin. The winner of this tournament will secure the cup.
